

Research Interest Form

Alpha Epsilon Delta

This form is for us to get to know you on a better level so that we can try and match you with the laboratory that best suits your needs and interests. This is not an official application, this information will be used to match you with professors based on the information you give us. By filling out this form, you're not only helping make our job easier but this is helping you prepare yourself for any professional encounter.

Name

E-mail address

Major

Minor

Desired Health Field

How long have you been at UA?

Why do you want to work in a lab? (Other than as a resume booster)

Do you have any specific research interests already?

What qualities could I bring into a lab?

Would you be willing to work in lab during the summer? (for pay or course credit)

Yes

No

Sometimes students conduct interdisciplinary research outside of their majors. If you are interested in interdisciplinary research, please list your field interests below.

How many hours per week could you commit to your undergraduate research?
